

LIMITED SPECIAL WINDSIDE WARRANTY

LSWW Special Warranty 2007

The Limited Special Windside Warranty (LSWW) of 10 years applies only to Windside turbines, all other Windside appliances are under the Standard Warranty of Windside.

In addition to the below mentioned terms, LSWW includes also all provisions of the Standard Warranty of Windside. This LSWW clause is valid only when used together with the Standard Warranty of Windside.

Limited Special Windside Warranty requirements:

LSWW is granted only in cases when the Distributor has given detailed, written information of the customer, mounting place, wind conditions and purpose of use of the specified turbine and photographs of the installation.

In addition to above mentioned the mounting of the turbine must be made by or under the control of the Windside-authorized assembling company or Windside-authorized official Distributor with competent skills and trained by Windside factory.

The turbine is bought and assembled with the automatic lubrication system.

Distributor must make a Service Agreement for the warranty period with a customer regarding the wind turbine.

A separate Warranty Certificate is given in LSWW cases and it shall include signature and stamp of Windside and it is printed on the official paper of Windside.

LSWW does not apply to sea conditions, unless otherwise determined after choosing special components and accessories. Occasionally it can be granted against the extra charge.

Manufacturer: Oy Windside Production Ltd, Finland
